RE: Cottage Food Business as a Home Occupation

I have reviewed your Zoning Information Request (ZIR) regarding operating a "cottage food business" as a Home Occupation.

The City of Savannah Zoning Ordinance allows for use of dwelling units as Home Occupations. Assuming all of the requirements are met, a "Cottage Food Business" can be considered a Home Occupation. Additionally, no on-site sales or customers are permitted.

Sincerely,

A handwritten signature in black ink, appearing to read "Geoff Goins".
